DISCUSS THESE QUESTIONS

- Would you say you spend too much time doing unnecessary things?
- What is your opinion of people who are obsessed with their stuff?
- Why do some people become addicted to things easily, whereas others do not?
- What can be the difficult part about finishing high school or university?
- Have you had to make any difficult decisions recently?
- It is said that working in something you enjoy is the key to happiness. How far do you agree?
- When is the best time of year to take a vacation?
- Do you find it easy to work on your weaknesses?
- Would you look forward to university if you know that you would learn your calling in life?
- If you had lost your job during the economic recession, would you get by easily while living in the countryside?
- When you grow up, do you think that you will live in a large city or a small town/village?
- Would you say that children who are brought up in a large city learn more about life than those who lived in a small city or a small village?
- How would you say that cities will change in the future?
- Would you consider yourself a competitive person?
- Which things are worth putting lots of effort into to make sure you succeed?
- Have you ever lost at something that you had tried really hard in?
- Do you think winning is an important aspect of life?
- Some say that taking part is what counts, not winning, would you agree with this statement?
- Many people suffer envy in their lives because they see life as one big competition. Does the same thing happen to you?
